WHAT IS PRIME CERTIFIED ANGUS BEEF?

All beef is inspected for wholesomeness by the U.S. Department of Agriculture (USDA)*, and is graded for quality and consistency. You've heard of Prime, Choice and Select grades – and Prime tops the grading scale. Marbling plays a big role in quality grades. Marbling – the little white flecks in beef – is key to flavor. The higher the amount of marbling, the higher the quality of beef. The Certified Angus Beef® brand is incredibly flavorful, tender and juicy because of the high amounts of marbling in every cut.
